Nyingma Institute

MISSION

The mission of the Nyingma Institute is to promote, foster, encourage, teach, and disseminate the Tibetan Nyingma traditions of Buddhism and to make those teachings available to the West in forms appropriate to the contemporary world.

The objective of the educational services of the Nyingma Institute is to provide non-degree academic programs in the following areas: Kum Nye (Tibetan Yoga), Nyingma Studies, and Buddhist Studies.

The students for whom these services are intended are individuals who wish to obtain a thorough understanding of Tibetan Buddhist studies as well as those who wish to prepare themselves to participate more fully and effectively as members of the Nyingma community.

The expected outcome for graduates of Nyingma programs is the deepening of understanding of Tibetan Buddhist teachings. In addition, some graduates may be prepared to participate more fully and effectively as members of the Nyingma community.

SCHOOL HISTORY

Over many centuries, Tibetan Nyingma masters have awakened the full potential of human consciousness through meditation, study, and work. In 1969, Tibetan Lama Tarthang Tulku brought the Nyingma tradition to the United States where it has become a catalyst for positive change. In 1972, Tarthang Tulku founded the Nyingma Institute to bring the unique Nyingma teachings and practices to life. Since that time, thousands of students have studied and learned to meditate here.

DHS202 Transmitting Insight; Penetrating Illusion – 30 Hours

At every moment we receive messages transmitted from our body, from our mind, and from the world around us. These messages form the basis of all that we know and do. The Dharma teaches us to ‘watch the watcher,’ to bring our attention to how the senses operate and how knowledge of ourself and the world develops. This course focuses on how information from the body, mind, and world is transmitted and received. The Abhidharma and Lojong (Mind Training) teachings form the textual basis of the course. *Prerequisite: DHS201 or equivalent.*

DHS203 Who Owns Mind? – 30 Hours

We sensitively explore consciousness, looking for the source of thoughts, feelings, impulses, and actions. We search for an independent ‘self’ who controls and owns the mind and experience. Following an ancient analysis from the time of the Buddha, we glimpse how mind, free of the confines of ‘self’, might function. Our primary practices are mindfulness in all things and the “Four Immeasurable” states (love, compassion, joy, and equanimity). *Prerequisite: DHS202 or equivalent.*

DHS204 Four Foundations of Mindfulness – 6 Hours

The Buddha taught that mindfulness—the steady and sustained contemplation of the body, feelings, mind, and phenomena—leads to wisdom. Training in these “Four Foundations of Mindfulness” leads to an unshakably present state of mind, and is the foundation for further study and practice. *Prerequisite: DHS203 or equivalent.*

DHS205 Compassion in Action – 30 Hours

What does it mean to live a life dedicated to compassion and wisdom? We look to the ways of life that the Buddha established and read biographies of great masters, men and women from India and Tibet. We also continue to cultivate our own inner capabilities for compassionate wisdom and deepen our knowledge of cause and effect. Taking steps in the direction of the path, our entire orientation begins to shift from being centered on our own benefit to being centered on the benefit of others. In this quarter we deepen understanding of interdependent coproduction (*Pratitya Samutpada*), study the lives of great masters of the Indian and Tibetan tradition, and reflect on how the Buddhist vision can manifest in the Western world. *Prerequisite: DHS204 or equivalent.*

DHS206 The Resolve for Ultimate Goodness – 30 Hours

All living beings have the nature of a Buddha, yet these qualities are obscured by veils of *karma* and *kleshas*. We live in ignorance of this great treasure, like a poor, blind man, unaware that a jewel of infinite value lies buried under his hearth. Traditional teachings and practices can help us develop confidence in our ability to discover Buddha nature within. We will study teachings on Bodhicitta (the ‘seed of enlightenment’) and work on mind training practices to overcome the destructive forces of anger, attachment, and ignorance in our lives. *Prerequisite: DHS205 or equivalent.*

He played an important role in establishing Buddhism in Tibet and was the principal defender of the Indian gradual way of enlightenment over the Chan method of sudden enlightenment. In a great debate at Samye monastery, c. 793, Kamalashila bettered his opponent, who advocated a direct awakening of mind through meditation, by arguing for a gradual path that required training in the whole field of Buddhist study. Kamalashila thereby established the Indian tradition of study and practice in Tibet and the gradual path of development. In this workshop we will examine a principal writing of Kamalashila on the stages of meditation, the *Bhavanakrama*. If there were no scarcity and the shared needs that underlie all these forms of interaction were met effortlessly, we might imagine that this would be a world of happiness and joy. However, the easing of outside pressures might also render present forms of relationship obsolete. In this course we will probe the logic of this dilemma, and what it might mean to adopt new ways of relating to each other.

Withdrawal from the Program

You may withdraw from the school at any time after the cancellation period (described above) and receive a pro rata refund if you have completed 60 percent or less of the scheduled hours in the current payment period in your program through the last day of attendance. The refund will be less a registration or administration fee not to exceed \$25.00 and will be paid within 45 days of withdrawal. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

For the purpose of determining a refund under this section, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:

- The student notifies the institution of the student's withdrawal or as of the date of the student's withdrawal, whichever is later.
- The institution terminates the student's enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; absences in excess of maximum set forth by the institution; and/or failure to meet financial obligations to the School.
- The student has failed to attend class for 60 days.
- Failure to return from a leave of absence.

For the purpose of determining the amount of the refund, the date of the student's withdrawal shall be deemed the last date of recorded attendance. The amount owed equals the hourly charge for the program (total institutional charge, minus non-refundable fees, divided by the number of hours in the program), multiplied by the number of

Nyingma Institute

hours scheduled to attend, prior to withdrawal. For the purpose of determining when the refund must be paid, the student shall be deemed to have withdrawn at the end of 60 days.

For programs beyond the current “payment period,” if you withdraw prior to the next payment period, all charges collected for the next period will be refunded. If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion to the amount of the benefits received, and any remaining amount shall be paid to the student. If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds.

STATE OF CALIFORNIA STUDENT TUITION RECOVERY FUND

You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

1. You are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition either by cash, guaranteed student loans, or personal loans, and
2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if either of the following applies:

1. You are not a California resident, or are not enrolled in a residency program, or
2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party.

The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents or are enrolled in a residency program attending certain schools regulated by the Bureau for Private Postsecondary and Vocational Education.

You may be eligible for STRF if you are a California resident or are enrolled in a residency program, prepaid tuition, paid the STRF assessment, and suffered an economic loss as a result of any of the following:

- The school closed before the course of instruction was completed.
- The school’s failure to pay refunds or charges on behalf of a student to a third-party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.
- The school's failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other costs.
- There was a material failure to comply with the Act or this Division within 30 days before the school closed or, if the material failure began earlier than 30 days prior to closure, the period determined by the Bureau.
- An inability after diligent efforts to prosecute, prove, and collect on a judgment against the institution for a violation of the Act.

STATEMENT REGARDING BANKRUPTCY

Nyingma Institute has never filed for bankruptcy petition, operated as a debtor in possession or had a petition of bankruptcy filed against it under Federal law.

STUDENT ACCESS TO FILE INFORMATION

Students are allowed access to copies of items in their student file at any time during regular business hours. Graduates may also request copies of any information in their student files at any time by sending written notice to the school describing their request. Transcripts are available to students and prospective employers upon request and without charge.

STUDENT INFORMATION RELEASE POLICY

The Institute may release certain information regarding a student's attendance, grades, completion status, and personal data if the student requests so in writing. The Institute will not release any information without a written request.

ACADEMIC ACHIEVEMENT

The Nyingma Institute elects to award academic achievement based upon credit hours as a unit of measurement. The Institute utilizes a performance based learning model; whereas, performance objectives reflect minimum competencies for individual courses, and those skills that must be performed by the student before moving on to the next level of instruction. All Nyingma Institute courses are offered on a Pass/Fail basis. No letter or number grades are given.

CREDIT HOUR DEFINITION

The Nyingma Institute defines credit hours as follows: One contact hour of lecture and/or classroom instruction. Contact hour is defined as a fifty-minute period of lecture and/or field instruction within a sixty-minute period.

TRAINING DESCRIPTION

Training and instruction takes place at the school's facility at 1815 Highland Place, Berkeley, CA 94709 and in our adjacent campus building at 2727 Hearst Street. Faculty are experienced and qualified in each of their respective areas of study, having at least 3 years of study in Nyingma teachings. Faculty are encouraged to utilize teaching techniques to meet course objectives; teaching strategies may vary with each instructor.

CLASS SIZE

The number of students per class ranges from six to fifty students.

MINIMUM ENROLLMENT

Nyingma Institute reserves the right to cancel any class, and refund any amounts paid for that class, if a class has an enrollment of fewer than 6 students.

HOMEWORK

Students should consider homework as an integral part of their program. Students are expected to be prepared for class and review previously learned information on a regular basis. Homework may be assigned by individual instructors on an as-needed basis. Students should be prepared for homework assignments and allow time each day for homework.

SATISFACTORY ACADEMIC PROGRESS (SAP)

A student must maintain satisfactory academic progress (SAP) in order to remain in training. SAP is cumulative in that it includes all periods of attendance; and all periods of attendance are counted toward the maximum timeframe

Nyingma Institute

allotted. SAP is applied to all students equally and measured at the mid-point and end of each course. In order to comply with the school's SAP, the student must:

1. Be enrolled in a program of study with a valid enrollment agreement
2. Complete his/her program within the maximum time allowed. Maximum time allowed is 200% of the published course length.
3. Students who do not achieve a passing score will be offered a re-examination opportunity.
4. Maintain satisfactory attendance.

By the two-thirds point of any class, retreat, or workshop in a Nyingma Institute program, the Instructor shall inform the student advisor of any student who is failing the class, retreat, or workshop. Advisors shall schedule a meeting with the student. At the meeting the advisor shall counsel the student on ways to improve his or her academic performance and shall make clear other appropriate student options, such as withdrawal or leave of absence from a program. A student who fails a class, retreat, or workshop will be placed on academic probation until he or she has brought his or her coursework back to a satisfactory level and has made-up failed class, workshop, or retreat hours by the date noted on the probation document, a maximum of two weeks. A document signed by the student and school designee describing this remedial action will be placed in the student's file. Advisors will inform the Co-Directors of any student on probation. The Co-Directors will ensure that adequate counseling and support are given to any student failing his or her coursework. All faculty of the Institute may serve as student advisors.

GRADING SYSTEM

All Nyingma Institute courses are offered on a Pass/Fail basis. No letter or number grades are given.

To receive a Pass, a student must demonstrate skill or mastery in the course material and subject matter. Depending upon the particular course, students can prove their ability to synthesize and incorporate course material and themes in a variety of ways: through writing, class presentation, mastery of practices, oral examination, and/or group work. Attendance and persistent tardiness are also taken into account.

After the completion of each course, the Instructor must complete a grade report form for each student and return the form to the Registrar. The Registrar shall sign the form and retain the original in the student's file. A copy will be provided to the student upon request.

Grade reports are issued to students at the completion of each quarter. Grades are based on attendance, tardiness, and the quality of class participation, projects, exercises, any written assignments and the final exam. A "Fail" is the equivalent of 60% or less on a numerical scale, or an 'F' on a letter scale.

ATTENDANCE POLICIES

Absences

Attendance is recorded and is essential for all courses. Students are required to complete at least 80% of their program to graduate. Students who have given advance notification to the Instructor or provided a doctor's written excuse or documentation of emergency (excused absence) may arrange to make-up the class. Missed classes, or portions of a class, can be made up by special arrangement with the Instructor or (on a space available basis) by attending future classes of the same course of instruction at no extra cost. In any course of 10 or more classes, more than three absences without advance notification to the Instructor or doctor's written excuse or documentation of an emergency (unexcused absences), may be grounds for a Fail in the course. In programs that contain multiple courses, students who fail more than one course due to unexcused absences may be terminated from the program.

Make-Up Work

Students are allowed to make up course work if approved by their instructor. Make up work must be completed within a reasonable time, as determined by the school, from the last day of the course work, which was missed. Grades given for make-up work will be the same as grades given for regular work. Make up work will not excuse an

unexcused absence.

Tardiness

Students are encouraged to be on time for classes. Three (3) tardies (more than 15 minutes late) without advance notification to the Instructor or a doctor's written excuse or documentation of an emergency shall be considered one unexcused absence.

Leaves of Absence

Any student wishing to take a Leave of Absence from any program must present the request in writing or in conference with a faculty member or advisor at least two (2) weeks prior to the beginning of a quarter. Such request should set forth the reasons for requesting the Leave of Absence and the student's projected return date. All such requests shall be considered by the Program Director, with consultation with the student's advisor. The Program Director will approve or deny the request and inform the student in writing. Leaves of Absence shall generally be granted for no more than one year unless there are special circumstances that warrant a longer leave of absence. A student who fails to return by the scheduled return date will be dismissed from the program.

Dismissal

Students are subject to dismissal for disciplinary reasons at the discretion of the Co-Directors. Examples of misconduct that may result in dismissal include: failure to follow school policies and procedures as set forth in the school catalog; putting the safety of others or school property in jeopardy; seriously disruptive behavior; use of nonprescription drugs while on campus; consumption of alcoholic beverages on campus except at approved functions; entering the school under the effects or influence of narcotics and/or alcohol; unwelcome or threatening sexual advances toward other students, staff, or faculty; failure to make payments; and recurring attendance or tardiness problems. A student dismissed for unsatisfactory conduct may be readmitted into the program only at the discretion of the Co-Directors.

In any course of 10 or more instruction sessions, if a student fails to attend for three successive weeks and has not provided advanced notification to the Instructor, or has not provided a written doctor's excuse or documentation of an emergency, he/she may be dismissed from the program at the discretion of the Co-Directors.

GRADUATION REQUIREMENTS

Students must apply for graduation with the Institute. A graduation application may be conducted as an interview between the student and the Institute, whereupon the student's academic record will be reviewed to ensure the successful completion of each course.

To graduate from any Nyingma Institute Program, students must:

1. Have a minimum of 80% attendance (including make-up hours) for all class, workshop and retreat hours in the Program;
2. Receive a grade of "Pass" in all classes, workshops, and retreats attended in the Program;
3. Satisfy all financial obligations to the school.

Students who meet these requirements will be awarded a Certificate of Completion from the Nyingma Institute for their program.

ACADEMIC PROBATION

Students who fail to meet Satisfactory Academic Progress standards or attendance standards, as set forth above may be placed on probation. Students on probation must show sustained progress in the particular area which resulted in probation or face possible dismissal. Students on probation will be evaluated at the end of each week of probation with the maximum probation period being two weeks. The Student is considered to be making satisfactory progress while on probation if, at the end of each week of probation, the student's grades and attendance have improved to a satisfactory level. If satisfactory progress is achieved, the student will be removed from probation; if not, the student will be terminated.

Nyingma Institute

RULES and STUDENT CONDUCT

To maintain order and efficiency during studies at the Nyingma Institute, the Institute requires all students to abide by the rules. Any of the following will be cause for disciplinary action up to and including immediate dismissal of the student:

1. Bringing drugs or alcohol onto the school property.
2. Any unauthorized starting or operating of a school vehicle.
3. Violating any industry safety code.
4. Insubordination (failure to comply with the instructions of an instructor or school employee).

STUDENT DISCIPLINARY RULES

Nyingma Institute students are citizens of the state, local, and national governments, and of the academic community and are, therefore, expected to conduct themselves as law-abiding members of each community at all times.

Admission to the Nyingma Institute carries with it special privileges and imposes special responsibilities apart from those rights and duties enjoyed by non-students. In recognition of the special relationship that exists between the Nyingma Institute and the community that it seeks to serve, the Nyingma Institute has authorized the Co-Directors to take such action as may be necessary to maintain campus conditions and preserve the integrity of the Nyingma Institute and its educational environment.

Pursuant to this authorization, the Nyingma Institute has developed the following regulations that are intended to govern student conduct on the campus. In addition, students are subject to all national, state, and local laws and ordinances. If a student's violation of such laws or ordinances also adversely affects the Nyingma Institute's pursuit of its educational objectives, the Institute may enforce its own regulations regardless of any proceedings instituted by other authorities. Conversely, violation of any section of these regulations may subject a student to disciplinary measures by the Nyingma Institute whether or not such conduct is simultaneously in violation of state, local, or national laws.

Disciplinary Offenses

Generally, through appropriate due process procedures, disciplinary measures shall be imposed for conduct that adversely affects the Nyingma Institute's pursuit of its educational objectives, that violates or shows a disregard for the rights of other members of the academic community, or that endangers property or people on Institute or Institute-controlled property.

Individual or organizational misconduct that is subject to disciplinary sanction shall include but not be limited to the following examples:

1. **Conduct dangerous to others.** Any conduct that constitutes a serious danger to any person's health, safety, or personal well-being, including any physical abuse or immediate threat of abuse.
2. **Disorderly conduct.** Any individual or group behavior that is abusive, obscene, lewd, indecent, violent, excessively noisy, or disorderly, or that unreasonably disturbs other groups or individuals.
3. **Obstruction of or interference with Nyingma Institute activities or facilities.** Any intentional interference with or obstruction of any Institute activity, program, event, or facilities, including the following:
 - a. Any unauthorized occupancy of Institute or Institute-controlled facilities or blockage of access to or from such facilities.
 - b. Interference with the right of any Institute staff member or other authorized person to gain access to any Institute or Institute-controlled activity, program, event, or facilities.

Nyingma Institute

- c. Any obstruction or delay of a staff member, authoritative agency firefighter, or any Institute official in the performance of his/her duty.
4. **Misuse of or damage to property.** Any act of misuse, vandalism, malicious or unwarranted damage or destruction, defacing, disfiguring, or unauthorized use of property belonging to the Nyingma Institute including but not limited to computers, fire alarms, fire equipment, telephones, Institute keys, resource center materials, and/or safety devices; and any such act against a member of the Nyingma Institute or a guest of the Nyingma Institute.
5. **Theft, misappropriation or unauthorized sale of property.** Any act of theft, misappropriation or sale of Nyingma Institute property, or any such act against a member of the Nyingma Institute or a guest of the Nyingma Institute.
6. **Misuse of documents or identification cards.** Any forgery, alteration of, or unauthorized use of Nyingma Institute documents, forms, records, or identification cards, including the giving of any false information or withholding of necessary information in connection with a student's admission, enrollment, or status at the Institute.
7. **Firearms and other dangerous weapons.** Any possession of or use of firearms or dangerous weapons of any kind.
8. **Alcoholic beverages.** The use and/or possession of alcoholic beverages is not allowed on Nyingma Institute owned or controlled property.
9. **Drugs.** The unlawful possession or use of any drug or controlled substance (including any stimulant, depressant, narcotic, or hallucinogenic drug or substance, or marijuana), or sale or distribution of any such drug or controlled substance.
10. **Financial irresponsibility.** Failure to meet financial responsibilities to the Nyingma Institute, including but not limited to passing a worthless check or money order in payment to the Nyingma Institute or to a member of the Nyingma Institute acting in an official capacity.
11. **Violation of general rules and regulations.** Any violation of the general rules and regulations of the Nyingma Institute as published in an official Nyingma Institute publication, including the intentional failure to perform any required action or the intentional performance of any prohibited action.

Academic and Classroom Misconduct

The instructor has the primary responsibility for control over classroom behavior and maintenance of academic integrity and can order the temporary removal or exclusion from the classroom of any student engaged in disruptive conduct or conduct in violation of the general rules and regulations of the Nyingma Institute. Extended or permanent exclusion from the classroom or further disciplinary action can be effected only through appropriate procedures of the Nyingma Institute.

Academic misconduct committed either directly or indirectly by an individual or group is subject to disciplinary action. Prohibited activities include but are not limited to the following practices:

1. Cheating, including but not limited to unauthorized assistance from material, people, or devices when taking a test, quiz, or examination; writing papers or reports; solving problems; or completing academic assignments.
2. Plagiarism, including but not limited to paraphrasing, summarizing, or directly quoting published or unpublished work of another person, including online or computerized services, without proper documentation of the original source.
3. Purchasing or otherwise obtaining prewritten essays, research papers, or materials prepared by another person or agency that sells term papers of other academic materials to be presented as one's own work.
4. Taking an exam for another student.
5. Providing others with information and/or answers regarding exams, quizzes, homework or other classroom assignments unless explicitly authorized by the instructor.

Upon discovery of a student's participation in academic misconduct, the student is immediately responsible to the instructor of the class, who will meet with the offending student with evidence of the misconduct. In addition to other possible disciplinary sanctions that may be imposed as a result of academic misconduct, the instructor has the authority to assign a failing grade.

Nyingma Institute

Nyingma Institute students accept full responsibility for the quality and authenticity of submitted course work. When confronted with evidence of academic misconduct, students may admit their participation and accept the penalty imposed by the instructor. The instructor will inform the Co-Directors of the violation, and the Co-Directors will keep records of the incident.

If the student believes that he/she has been erroneously accused of academic misconduct and if his/her final grade has been lowered as a result, the student may appeal the case through the following procedures:

1. The student should meet with the instructor who made the allegation to discuss and hopefully resolve the problem.
2. If a satisfactory resolution is not reached, the instructor or student can petition for a meeting with one of the school Co-Directors for review and resolution. The Petition Request must be made in writing by either the student or the instructor and submitted to the Co-Director.
3. If after review by the Co-Director, a satisfactory resolution has still not been reached, the matter may be appealed to the Arbitration Review Committee. This Committee consists of the Institute Co-Directors and the Program Director. The Committee reviews all materials and prior decisions and comes to a resolution on the matter. The decision of the Arbitration Review Committee is final.

Disciplinary Action

Disciplinary action may be taken against a student for violations of the above regulations that occur on owned, leased, or otherwise controlled property, or that occur off campus when the conduct impairs, interferes with, or obstructs any Nyingma Institute activity or the missions, processes, and functions of the School. In addition, disciplinary action may be taken on the basis of any conduct, on or off campus, that poses a substantial threat to people or property within the Nyingma Institute.

For the purposes of these regulations, a “student” shall mean any person who is registered for study at the Nyingma Institute for any academic period, including the time that follows the end of an academic period that the student has completed until the last day for registration for the next succeeding regular academic period, and during any period while the student is under suspension from the Nyingma Institute.

Disciplinary Sanctions

Upon a determination that a student has violated any of the rules, regulations, or disciplinary offenses set forth in these regulations, the following disciplinary sanctions may be imposed, either singly or in combination, by the appropriate Nyingma Institute officials:

1. **Restitution.** A student who has committed an offense against property may be required to reimburse the Nyingma Institute or other owner for damage or misappropriation of such property. Any such payment in restitution shall be limited to actual cost of repair or replacement.
2. **Warning.** The appropriate Nyingma Institute official may notify the student that continuation or repetition of specified conduct may be cause for other disciplinary action.
3. **Reprimand.** A written reprimand, or censure, may be given to any student whose conduct violates these regulations. Such a reprimand does not restrict the student in any way but does have important consequences. It signifies to the student that he/she is being given another chance to conduct himself/herself as a proper member of the Nyingma Institute community, but that any further violation will result in more serious penalties. In addition, a reprimand does remain on file in the student’s academic record.
4. **Restriction.** A restriction upon a student’s privileges for a period of time may be imposed. This restriction may include, for example, denial of the right to represent the Nyingma Institute in any way, operate equipment, or the loss of student ID.
5. **Probation.** Continued enrollment of a student on probation may be conditioned upon adherence to these regulations. Any student placed on probation will be notified of such in writing and will also be notified of the terms and length of the probation. Any conduct in violation of these regulations while on probationary status may result in the imposition of a more serious disciplinary sanction.
6. **Suspension.** If a student is suspended, he/she is separated from the Nyingma Institute for a stated period of time, with conditions for readmission stated in the notice of suspension.

Nyingma Institute

7. **Expulsion/termination.** Expulsion entails a permanent separation from the Nyingma Institute. The imposition of this sanction does become a part of the student's permanent record and is a permanent bar to the student's readmission to the Institute.
8. **Interim or summary suspension.** As a general rule, the status of a student accused of violations of Nyingma Institute regulations should not be altered until a final determination has been made in regard to the charges against the student, although summary suspension may be imposed upon a finding by a Co-Director or his/her designated representative that the continued presence of the accused on campus constitutes an immediate threat to the physical safety and well-being of the accused, or of any other member of the Nyingma Institute or its guests; destruction of property; or substantial disruption of classroom or other campus activities. In any case of immediate suspension, the student shall be given an opportunity at the time of the decision or immediately thereafter to contest the suspension (in writing), and if there are disputed issues of fact or cause and effect, the student shall be provided a hearing on the suspension as soon as possible.
9. In cases involving second and/or third instances of academic misconduct, the student will be subject to further disciplinary action, including termination.
10. Students found guilty of repeated academic misconduct may receive one of the following sanctions:
11. The student may not receive credit for the work completed.
12. The student may not receive credit for the class.
13. The student may be administratively terminated from the program.

The Co-Deans of the Nyingma Institute are authorized, at their discretion, to convert any sanction imposed to a lesser sanction, or to rescind any previous sanction, in appropriate cases.

Cases of Alleged Sexual Assault

In cases involving alleged sexual assault, both the accuser and the accused shall be informed of the following:

- Both the accuser and the accused are entitled to the same opportunity to have others present during a disciplinary proceeding.
- Both the accuser and the accused shall be informed of the outcome of any disciplinary proceeding involving allegations of sexual assault.

Disciplinary Procedures

Admission to the Nyingma Institute implies that the student agrees to respect the rights of others and observe civil laws. Conduct regarded as dangerous or threatening, which warrants response by local law enforcement officials, will carry an immediate temporary suspension of the student from the School. If the court convicts the student, the Nyingma Institute may expel the student solely on the findings of the court. If the Nyingma Institute does not exercise this option, the student must begin the disciplinary process after the court proceeding concludes.

Due Process Procedures

In cases that involve actions of misconduct that would cause the student or students to be subjected to disciplinary action, a hearing shall be afforded the student according to the procedures outlined below:

1. All complaints of alleged misconduct of a student shall be made in writing to the Chief Executive Officer. The complaint shall contain a statement of facts outlining each alleged act of misconduct and shall state the regulation the student is alleged to have violated.
2. The Chief Executive Officer shall investigate the complaint. If it is determined that the complaint is without merit, the investigation shall promptly cease. If it is determined that there is probable cause to believe a violation did occur, the process shall proceed as outlined.
3. The student shall be notified in writing by the Chief Executive Officer that he/she is accused of a violation and will be asked to come in for a conference to discuss the complaint. At the conference, the student shall be advised of the following:
 - a. He/she may admit the alleged violation, waive a hearing in writing and request that Nyingma Institute officials take appropriate action.
 - b. He/she may admit the alleged violation in writing and request a hearing before the Co- Directors.

Nyingma Institute

- c. He/she may deny the alleged violation in writing and request a hearing before the Co- Directors.
- d. The date, time, and place of hearing.
- e. A statement of the specific charges and grounds that, if proven, would justify disciplinary action being taken.
- f. The names of witnesses scheduled to appear.

The decision reached at the hearing shall be communicated in writing to the student. It shall specify the action taken by the Chief Executive Officer. Upon the request of the student, a summary of the evidence shall be provided to the student.

4. The student shall be notified in writing of his/her right to appeal the decision of the Chief Executive Officer within five days of receipt of the decision. In cases of appeal, any action assessed by the Chief Executive Officer shall be suspended pending outcome of the appeal. All appeals shall be presented in writing by the student to the Arbitration Review Committee. This Committee consists of the Institute Co-Deans and the Program Director. The Committee reviews the student's written appeal and prior decisions and comes to a resolution on the matter. The decision of the Arbitration Review Committee is final. A copy of the final decision shall be mailed to the student.

REINSTATEMENT

If an appeal is denied or if the student chooses not to appeal the decision, an application for reinstatement may be submitted to the school no earlier than 30 days from the date of termination. Students who do not pursue or win an appeal may nevertheless be reinstated under special conditions.

COMPLAINT AND GRIEVANCE PROCEDURE

Most problems or complaints that students may have with the school or its administration can be resolved through a personal meeting with the school staff. Grievances related directly to training must be submitted in writing to the Program Director. Any grievance remaining unresolved after being handled by the Program Director can be submitted in writing to the Chief Academic Officer. Non-training related grievances must be submitted in writing to the Chief Executive Officer. The Program Director and/or Chief Academic Officer and/or Chief Executive Officer will make every reasonable effort to resolve a grievance to the satisfaction of the student. Answers to grievances will be given no more than ten days after submission of grievance. The written complaint should contain (1) the nature of the problem(s), (2) approximate date(s) that the problem(s) occurred, (3) name(s) of the individual(s) involved in the problem(s) - staff and/or other students, (4) copies of important information regarding the problem(s), (5) evidence demonstrating that the Institute's complaint procedure was followed prior to this point in time, and (6) student signature. A written grievance may be hand delivered to the reception desk at the school, or may be mailed to 1815 Highland Place, Berkeley, CA94709.

Any questions a student may have that are not satisfactorily answered by the institution may be directed to the: Bureau for Private Postsecondary Education at 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833 or P.O. STUDENT RECORDS

Enrollees are advised and cautioned that State Law requires this educational institution to maintain school and student records onsite for a five-year period from the last date of attendance. Transcripts are maintained permanently. Student records are protected from unauthorized access. Requests for release of information by the student or from outside agencies must be made in writing to the Registrar. This ensures that only authorized individuals have access to specific information requested.

STUDENT SERVICES

Academic Advising

Each student enrolled in a Nyingma Institute program will be assigned to a student advisor. Student advisors will meet with their assigned students at least once before the start of each quarter to determine the student's course schedule, and at least once more during each quarter in which the student is attending classes to follow-up on progress and provide counseling as needed. Student advisors will hold office hours at the convenience of their students during which they will be available for additional consultation by students.

Tutorial Programs

Instructors and student advisors will be available for individual tutoring of students during office hours and by arrangement with the student.

Textbook Purchases

The Institute maintains reading areas that contain all textbooks required for all courses currently being offered as well as a variety of other supporting readings. Textbooks for all current courses are also available for purchase in the Nyingma Institute bookstore.

Library and Reading Rooms

The Nyingma Institute maintains a permanent Library in its Main Building at 1815 Highland Place. The Library contains approximately 3,000 books and manuscripts. Faculty may check out Library materials as needed. Students may request access to materials from the Library to support an approved research project. Copies of Library books used in classes openly circulate as needed.

In addition to the Library, the Nyingma Institute maintains two reading/study areas, one in its Main Building at 1815 Highland Place, and one in its New House at 2727 Hearst Street. The reading rooms contain English language texts and selected translations into foreign languages. At present there are about 500 books in the reading rooms. Copies of all books used in courses are maintained in the reading rooms each quarter. Reading rooms are open from 9:00 AM until 8:00 PM, Monday through Thursday; from 9:00 AM to 4:45 PM Friday through Saturday, and from 9:00 AM to 7:00 PM on Sunday.

The curriculum at the Nyingma Institute is designed around approximately 100 texts, 60 of which are published by the Institute's sister organization, Dharma Publishing Company, and the other 40 of which are classic Buddhist texts, generally available in print in English translation. These hundred books are available for students in the reading rooms and bookstore. The Institute's extensive Library of rare and valuable Tibetan Buddhist texts serves to enhance the teaching ability of the faculty and provides the basis for intensive faculty-directed research by more advanced students.

Housing

The Institute has dormitory facilities that students may rent while they are enrolled in Institute residential programs such as retreats or workshops. A current schedule of room and board costs is maintained by the Institute Registrar and made available to interested students. Costs for rooms vary from \$45 per night for students attending workshops or short retreats to \$25 per night for students attending longer retreats. These costs include both room and board. Housing is also available to rent nearby and students may arrange for their own housing and may request information on local housing during the enrollment process. Room rates off-campus range from \$1,000 and up per month. Note that the institution has no responsibility to find or assist a student in finding housing.

Addendum

Revision date: 5/13/2018

The following language adds the courses “NPR404, MED508, NPS418, MED308, SKM107, and KNR110” to the section “Course Descriptions”:

NPR 404 Death, Dying, and the Bardo (June) - 6 hours

This workshop introduces Tibetan Buddhist practices for the time of death, including specific mantras and prayers that we will practice together. We will draw from sutras and tantras on this topic, especially teachings from Padmasambhava, the founder of the Nyingma tradition. We will also address dying on a practical level, discussing what one can do when a loved one is dying or has passed away and how to prepare for our own death. You'll also make a connection between simple practices, including ones you may already know, and the time of death, so that a useful and direct method is always near-at-hand.

MED 508 Silent Retreat: Introduction to Shamatha (June) – 14 hours

Stressed out? Need a break from a whirlwind of tasks, responsibilities, and cascading concerns? Research has shown that meditation and silence can both have profoundly positive effects on our mental states and overall happiness. “Shamatha” means calm abiding. It is a foundational practice that allows for and strengthens all following meditation techniques. It is also a classic, time-tested practice taught in all Buddhist traditions. This retreat focuses on Shamatha with supports, i.e. types of Shamatha where you rest your attention on an object of focus such as breath, a point of contact, or an image.

NPS 418 Caring and Creativity from a Yogic Perspective (June) - 6 hours

Walking is a fundamental functional activity, as well as a source of engagement, pleasure, and healthful movement when we walk well. Like most things that we do repetitively, the way each of us walk is a matter of habit. These habits can be more or less efficient and healthful. Come explore walking as a healing practice for body and mind, and discover its healing potential for you. This workshop is informed by: Kum Nye Tibetan Yoga, awareness practices from Nyingma Tibetan Buddhism, and a therapeutic perspective on posture and alignment.

MED 308 Advanced Meditation: Mipham's Calm and Clear (June) - 15 hours

Traditional methods to ease the mind into “the sky of simplicity” will be presented including meditations for calming the mind (shamatha) and meditations to expand insight (vipasyana). This course draws on Lama Mipham's The Wheel of Analytic Meditation, i.e. Calm and Clear.

SKM 107 Being 'We': Healing 'You and I' (June) - 15 hours

We usually experience ‘we’ when we are ‘We against They’, as in the teamwork of a close-knit competitive team or when coming together with shared views on one side of a division in today's divisive world. ‘We against They’ has the same taste as ‘You and I’. Fortunately, we can put this behind us. We have ready access to higher forms of ‘We’: In the course, we activate ‘We’ together through exercises, and explore a path of progressive deepening that can lead to ‘We sharing love’ and culminate in the simplicity of ‘We for All’. This path brings peace and joy—which we experience during the course—and can ultimately lead to freedom.

KNR 110 Beginning Kum Nye: Body of Knowledge (June) – 4.5 hours
